Služba za epidemiologiju

PREGLED STRANIH RADNIKA - UPUTE
MEDICAL EXAMINATION OF FOREIGN WORKERS -
INSTRUCTIONS

NZZJŽ
Pula, Nazorova 23 Pula

OB Pula
Pula, Santoriorova 24a

- ✚ Pregled na koji ste upućeni sastoji se od uzimanja epidemiološke anamneze i fizikalnog pregleda, prikupljanja podataka o dosadašnjim cijepljenjima, bakteriološkog pregleda stolice, pregleda krvi na krvlju prenosive bolesti i RTG pregleda prsnog koša
- ✚ Na temelju ovih pretraga i pregleda moguće su dodatne pretrage
- ✚ Odmah ćemo vam izdati potvrdu da ste pristupili pregledu, istu možete pokazati poslodavcu
- ✚ Nakon završetka svih pretraga u roku od nekoliko dana dolazite ponovo u Službu za epidemiologiju Pula, Nazorova 23, prizemlje soba 19 radi završetka obrade
- ✚ Dobivate Uvjerenje o obavljenom pregledu, Zdravstvenu svjedodžbu o obavljenom pregledu, po potrebi i preporuku o nastavku medicinske obrade

- ✚ The examination for which you have been referred consists of an epidemiological history, physical examination, data collection on past vaccinations, a bacteriological stool test, blood testing for blood-borne diseases, and a chest X-ray.
- ✚ Based on these searches and reviews, further searches are possible
- ✚ We will promptly issue a confirmation of your examination, which you can present to your employer.
- ✚ Upon all tests are completed, please report back to the Pula Epidemiology Service (Nazorova 23, ground floor, Room 19) to finalize the process
- ✚ You will receive a confirmation of the examination and a medical certificate of the examination. A recommendation for further medical evaluation will be provided if necessary.
